PERUM LPPNPI Surabaya Branch is a company founded on the separation between PT. Angkasapura. Housing. LPPNPI is a company that focuses on navigation and communication systems so that airports need a recorder that can record communications from aircraft and other airports. Therefore Perum LPPNPI requires a "Multi-Channel Digital Recorder" to record the communication from the plane and other airports.

Keywords: Recorder, Multi-Channel Digital Recorder, Perum. LPPNPI
