ABSTRACT

This study aims to explain and measure the Transparency and Accountability of Village Fund Allocation (ADD) management in Sanenrejo Village with indicators based on the Minister of Home Affairs Regulation Number 20 of 2018 and Jember Regent Regulation Number 37 of 2019. This research was conducted using qualitative methods, data collected used, namely primary data and secondary data with the data collection process, namely observation, documentation and interviews which were then analyzed using the Miles and Huberman model, namely data reduction, data presentation, conclusion drawing and verification. For the validity of the data using triangulation techniques, namely source triangulation and technical triangulation.

The results of this study indicate that the Transparency and Accountability of the Village Fund Allocation (ADD) management in Sanenrejo Village is in accordance with the indicators of the Minister of Home Affairs Regulation Number 20 of 2018 and Jember Regent Regulation Number 37 of 2019. Things that need to be addressed by the village government are to strive and the village website is optimized so that it can send information regularly to the community and become an easy medium of information for the community regarding village government programs and policies.
