Please note that you may be entitled to a discount if you have previously received a discount code and that all vouchers must be applied before the invoice is issued.

IOAP discounts may be combined with other available discounts (e.g., reviewer vouchers and discounts offered by the Editorial Office); Please note that only one discount through an IOAP scheme is permitted per paper.

If you need to add any discounts or wish to replace the current discount with another type of discount, please contact the Sustainability Editorial Office as soon as possible.

Open Access accelerates research discovery and offers broader opportunities for the adoption of research findings. APCs enable us to peer review, publish, index, and permanently maintain published articles. APCs are only charged to accepted papers after full peer review. Article acceptances can only be made by independent editorial board members and cannot be made by MDPI staff. We thank you for paying an APC to support Open Access.

Dear Dr. Nanang Wahyono,

I hope this email finds you well. Thank you for your resubmitted version. However, there are still some issues that need your revisions:

1. Content overlap on the left side of Figure 3. Numbers can not be seen. Please check and revise.
2. We revised numbers in Figure 1, e.g., 1.000 should be 1000. Please confirm.
3. For other issues, please see the highlights and comments in the attached file.

Please revise those issues on the version in the attachment. Please reply to the comments and do modification in the attached file as well and send it back to us after your confirmation and correction.

Thank you for your cooperation. We kindly hope that you can send it back to us as soon as possible. Thank you very much!

Dear Alex Ma

Thank you for notifying me of several revisions to my manuscript.

1. I agree with the writing changes in figure 1, from 1.000 to 1000 and so is 2.000; 3.000 and so on.
2. I agree with the change in writing from 8.000 to 8000.
3. Its quite difficult to change in figure 3, the overlapped part number S8: 1.007; S9: 2.159.

Thank you for your help in revising this manuscript.

Best Regards

Nanang Dwi Wahyono
