ABSTRACT

This study aims to analyze and explain the effect of accountability and transparency in the management of village fund allocations on public trust. The research was conducted in Panduman Village, Jelbuk District, Jember Regency. This study used a quantitative method with a research instrument in the form of a questionnaire. The sampling technique uses purposive sampling and the analysis technique uses multiple linear regression. The results of the study show that accountability has no significant effect on public trust. Meanwhile, transparency has a significant effect on public trust in Panduman Village, Jelbuk District, Jember Regency

Keywords : Accountability, Transparency and Public Trust
