ABSTRACT

This study aims to determine the implementation of e-Planning and e-Budgeting using the Center for the Study of Evaluation-University of California in Los Angeles (CSE-UCLA) evaluation model. This qualitative research uses the CSE-UCLA evaluation analysis model which has five aspects of evaluation developed by Alkin, consisting of evaluation aspects of System Assessment, Program Planning, Program Implementation, Program Improvement, and Program Certification. The theory used in this research is the theory of good governance. This research provides results, namely through the five components of the CSE-UCLA model evaluation that have been assessed well and optimally.
