***ABSTRACT***

*This research aims to analyze and explain the influence of implementing the principles of good governance and internal control on the financial management performance of the Jember Regency Government. Writing with a quantitative approach uses primary data obtained through distributing questionnaires to 46 respondents determined based on purposive sampling, as well as data analysis methods using multiple linear regression. The results of this research indicate that the application of the principles of good governance and internal control has a significant effect on the financial management performance of the Jember Regency government.*

**Kata Kunci :** *Good Governance, Internal Control, Government financial management performance.*
