## **ABSTRACT**

*The number of the course in various areas, especially in the town of Jember. Where to place the course services is still not computerized, on a driving course Amanah Jember, located on Jl. Karimata 88 Jember and had branches in Jl. Lt. Suprpto 96 Jember.*

*Driving course Amanah Jember is still not computerized registration and scheduling in terms of customers, so that customers who want to register should come to the place Amanah driving course by filling out the data yourself on a book by admin course that takes a long time. As well as the course admin experience difficulties if there is a schedule that collided between the branch and the center, so the admin must communicate with each other via telephone to adjust the schedule of customers.*

*Given these problems then made a scheduling system as well as a web-based registration, so customers who wish to enroll and can be booked through the online schedule. This website can also facilitate trustful to promote tutoring services to the outside world.*

**Keywords:** *Driving course, websites, scheduling, register.*
