### ABSTRACT

*Culinary tourism is the main attraction for foreign and domestic tourists who hold a sightseeing trip, with the intention of enjoying a variety of foods that taste good. To find the culinary aplikasi need a mobile phone to make it easier to know about the culinary variety in all regions, especially in Kota Probolinggo. We make mobile phone applications, is expected to help facilitate the community in finding the location of a culinary tour that has not been tried by the people themselves.*
