

ABSTRACT

Communication tools have been utilised for ages, it even existed in pre historic age. The world has developed. Development in communication technology has also accompanied the world's development.

Hadi Jaya Elektronik is a company selling electronic devices as well as electronic components located in Jember

Hadi Jaya Elektronik sells the electronic product directly to the customers and notes the purchasing and selling transactions in a book which is used for reference to determine the remaining stock of the shop.

Transaction done only by visiting the shop directly has limited the shop's ability to earn more revenue. Thus, E-commerce Web is made to resolve the problem Hadi Jaya Electronic faces to expand its business.
